

Dobwalls Primary School SEND Information Report

September 2022

One and all, believing in ourselves and others

Dobwalls Primary is an inclusive school. All staff are committed to being proactive in identifying and providing for the needs of all children in a wholly inclusive environment. All teachers are teachers of children with special educational needs and disabilities. As such, we adapt a 'whole school approach' that involves all the staff adhering to a model of good practice. The Governing Body and teaching staff will do their best to ensure that the necessary provision is made for any pupil who has special educational needs and disabilities. We successfully work with children with a range of needs across the four areas of need as stated in the Code of Practice, including:

- Communication and Interaction
- Cognition and Learning
- Social, Emotional and Mental Health
- Physical and/or Sensory Needs

The school will actively seek the involvement of parents/carers in the education of their children. It is recognised that it is particularly important with pupils who have special educational needs and disabilities, where the support and encouragement of parents/carers is often the crucial factor in achieving success. The school will also work to ensure that pupils are fully aware of their next steps. Efforts will be taken to involve pupils in decisions that are taken regarding their education.

Name of the Special Educational Needs/Disabilities Coordinator: Mr Robin Spencer

SEND Governor: Alan Johnson

The 'responsible person' for SEND is Robin Spencer (SENDCO) or Kathryn Pipe (Head teacher)

The person co-ordinating the day-to-day provision of education for pupils with special educational needs is Robin Spencer (SENDCO).

12. Pupil progress

All parents/carers with children on the School Support will have termly meetings with the class teacher. These meetings will ensure that there is an in depth assessment of the child's needs. SMART targets will be set with the parents/carers so that progress can be reviewed against specific, measurable, achievable, realistic and time based outcomes. Provision to meet those needs will be agreed between the teacher, SENDCO, parents/carers and the child. Once the personalised support is put in place, there will be regular monitoring of its effectiveness by the class teacher. The next meeting will enable parents/carers to review the plan and make changes to ensure that there is progress towards meeting the needs of the child.

13. Evaluating success

This report is kept under regular review. Evidence will be gathered regarding: staff awareness of individual pupil need, success of the early identification process at an early stage, academic progress of pupils with special educational needs through regular tracking of assessments and data, pupil attendance and number of exclusions, consultation with parents and pupil's awareness of their progress.

14. If you wish to complain

Anyone wishing to complain with regard to SEND support and provision should contact the Head teacher, Kathryn Pipe or Chair of Governors, Alan Johnson.

This year we received 0 complaints with regard to SEND support and provision.

Answers to Frequently asked Questions

1 How do people in school know if a pupil needs extra help?

All teachers monitor and track the attainment of pupils and will inform parents if extra support is required. Teaching assistants and teachers are trained to proactively monitor progress and raise any concerns at an early stage so that all children can access the curriculum.

2. What should I do if I think my child may have special educational needs and disabilities?

Discuss your concerns with the class teacher in the first instance who will be able to direct you to the appropriate support, undertake observations and put in place the provision that might be required.

3. Who is responsible for the progress and success of my child in school?

All staff are responsible for the progress and success of children in school. However, it is vital that parents/carers support their child at home based on the advice provided by the school.

4. How is the curriculum matched to my child's needs?

Teachers are required to ensure that all children can access the curriculum. This could be for example through: personalised resources, additional support from an adult and/or interventions.

5. What support is there for my child's overall well-being?

Ongoing support led by class teachers. Please talk to class teachers in the first instance who will liaise with the SENDCo. Trained well-being practitioners will can provide personalised support. Teachers will undertake regular monitoring and raise any concerns immediately.

6. How do I know that my child is safe in school?

We have a zero tolerance anti-bullying policy (please see information section of website). Our safeguarding policy ensures that designated safeguarding officers are immediately made aware of any concerns raised so that children's safety is paramount. Please talk to class teacher's as soon as you have any concerns.
