

**"The whole world opened up to me when I learned to read" – Mary McLeod Bethune**

Dear Parents and Carers,

Firstly, I wanted to say THANK YOU to all of you, our wonderful parents and carers. The homework that has come into school this half-term has been delightful to see. We've seen amazing vehicles, Cornish maps, Viking boats, bug houses, body circulation images and much more! We love it when children share with us how they have continued their learning at home whether it's reading, maths, times tables and more. Thank you for continuing their love of learning wherever they are! On Tuesday, we welcomed Jon a maths magician! The children were enthralled learning maths through magic with Jon explaining so well to them.

After half-term, we look forward to our annual Health and Well-being week. During this week, we will spend time focussing on key knowledge and understanding around keeping safe including road safety, fire safety, basic first aid, and of course sports days! Fingers crossed the sun will stay for a little while longer. We will also spend a session thinking of memories for our memory garden. The children have asked to paint pebbles once again. Please could you bring in a pebble to paint on the first day back. Thank you.

Best wishes and have a lovely half-term,  
Mrs Pipe, Headteacher

# Star Learners

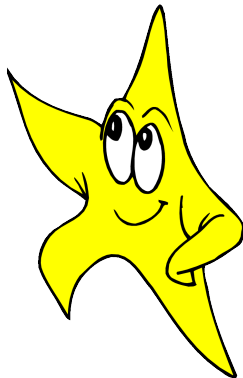

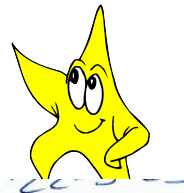

This week the work of the week comes from Sunny and Elliott in Lerryn class. They both made a very detailed vehicle for their homework to support their learning on vehicles. This week they have written some clear instructions for how to make a vehicle like theirs!

Great model making and instruction writing!
